**Acknowledgements:** Most of these plants were very generously donated to us by the participating nurseries. Please support their efforts to bring us the best plants for our gardens. Note that many of the donating nurseries are **wholesale only**. The best way to obtain specimens of the treasures you found at the Show is to **bring this list** to your local nursery or garden center and ask them to order your plants from the donating nurseries listed above. Be sure to let them know you found their plants at the Western Hort Hot Plant Picks booth at the SF Flower and Garden Show!

A display like this doesn't happen all by itself and this year, the Western Horticultural Society has had a lot of support from the **California Horticultural Society, California Rare Fruit Growers (Santa Clara County Chapter), Bay Area Garden Railway Society, and Sei Boku Bonsai Kai**. Thank you all for your help!
