

The Western Horticultural Society is a dynamic group of Plant loving folks. We have a great lineup of guest speakers for each of our meetings and we have ongoing plant sales a thanks to our member volunteers.

There is a lot of activity in the background to keep our group running smoothly. We need to have volunteers to help behind and in front of the scenes to make this happen.

These Volunteer positions need to be filled 2017

Board members – 5 meetings/year, various jobs/tasks to help run an amazing group of plant loving folks.

A great way to meet people and help the society

Room setup and take down – Come in around 6:45 to set up chairs and tables for the meeting – After meeting – take down chairs and tables and put in storage room. Make sure room is ready for next meeting

Sound setup – Take care of setting up our speaker system, insure microphones are working – See Liz Calhoon gardenlizard3@yahoo.com

Please help us. Contact any of our board members for details.
